

e-Krediidiinfo portal

e-Krediidiinfo is Estonia's largest business information portal, which allows you to get the information you need for business quickly and conveniently from one place. To join the portal, you can choose between Pro and Pro XL packages.

As a customer of e-Krediidiinfo, you can:

- Access to discounted detailed reports
- Ability to enter payment defaults of companies and individuals in to the Payment Default Register
- Ability to use monitoring and credit risk management service
- If necessary, check the background of your clients on the sanctions lists or make sure that they are not a person with a national background (PEP)

Each client can appoint an administrator from among its users who can manage the rights of all users. The number of e-Krediidiinfo users is not limited.

Pro package

The pro package allows you to view the following information about all Estonian companies:

- Interrelationships between individuals and companies in a visualized form
- Valid persons with the right of representation, shareholders/partners and beneficial owners in the business register
